NSHSF FUNDRAISING PROJECT

From establishing the territory in 1854 to celebrating our state's centennial in 1967, Nebraskans united to mark their history. Scattered across our state are more than 250 monuments, markers, statues, and plaques to the exploration, the cultures and their conflicts, the settlement, and the organization of Nebraska. They are found in our cities and along our highways and country roads, but also in our forests, our fields, and our hills. They mark history where it happened.
