Now, more than ever, citizens of Lincoln and the State of Nebraska realize they have the power to preserve our iconic, historic heritage for future generations. To that end, a fundraising campaign to save the mural was initiated by The Committee to Preserve Pershing's Mural on March 1, 2022, to raise the \$3 million necessary by May 1, 2022 in order to initiate the 2-month process to remove the mural from the front of Pershing. With the money raised in this fundraising effort, these tiles will be removed, cleaned, restored and reinstalled at a new location.

The NSHSF is serving as fiscal sponsor for donations received for the project. Please consider donating to this important project.

**Tax deductible monetary donations to save Pershing's Mural may be mailed to the Nebraska State Historical Society Foundation (128 North 13<sup>th</sup> Street, Suite 1010, Lincoln, NE 68508), noting *Pershing Mural Preservation Project* in the 'Memo' line of the check. ## Cut In Stone, Cast In Bronze

"Why are stone and bronze memorials to people long gone and events forgotten found across Nebraska? Jeff Barnes's volume offers answers: to remember, to honor, to celebrate. In this richly illustrated survey, organized by county, Barnes provides an armchair tour of monuments and markers many readers would otherwise never know about, much less visit. In addition, he offers the reader background information, bringing to light some of those who saw the opportunities and led the efforts to place memory on the ground. Spend time with the book, cast an eye back and see the places and people on which much of present-day Nebraska life rests. " -Mike Smith, retired CEO/Director of the former Nebraska State Historical Society

**HELP US RAISE THE ADDITIONAL FUNDS**

The Nebraska State Historical Society Foundation is helping to raise funds to restore the Picotte Memorial Hospital. The creation of the Dr. Susan La Flesche Picotte Center will provide an exhibition space depicting Dr. Susan's life and practice. Additional funding is needed to complete this work. The Foundation is proud to help bring this national treasure back to life.

The new Center will include a medical clinic offering a variety of health and medical services, an educational and youth programming area, a community garden showcasing traditional medicinal plants, a counseling area for local families, a sweat lodge, an entrepreneurial and technology center and Native American cultural space.
