Welcome our new intern: Chaitra Pirisingula

The NSHS Foundation has recently hired an accomplished UNL student-intern, Chaitra Pirisingula. In 2021, Chaitra was one of 29 students selected to join the UNL Jeffrey S. Raikes School of Computer Science and Management. In addition to her regular class work, in early 2022 she worked for Kiewit as a Design Studio Software Development Intern where she developed and documented a platform to view progress of a solar project. In the summer of 2022 she worked as a Software Engineer Intern at Garmin on the aviation services team in the development of the fly.garmin website.

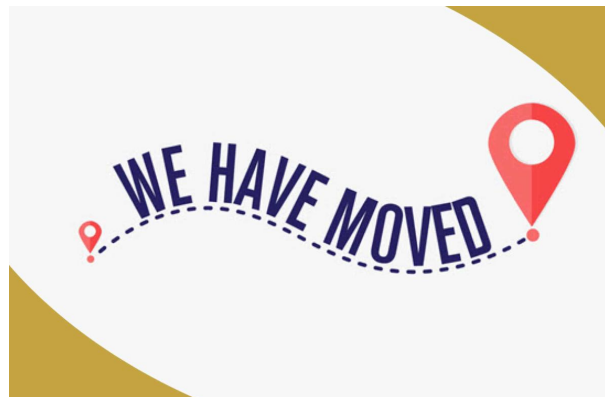

We're excited to have Chaitra and her technological expertise on our team as she will be working on a special project regarding WanderNebraska. Stay tuned for further updates on this project later this month!

Alkali Station Update

Thanks to a generous donation from a private trust, the note for the Alkali Station property now carries a balance of approximately \$66,000. Our humble thanks to all who have supported saving this historic site. If you would like to donate or to learn more about the Alkali Station, please follow the link.
