Join us for WanderNebraska 2023

In 2022, NSHSF launched a statewide travel adventure program encouraging travelers to visit Nebraska museums, libraries, parks, and other historical points of interest. We are now building the list of sites for the 2023 program and would love to include more organizations! Last year, we had [27 sites](#) included in the program. This year we are expanding the list so visitors can enjoy and learn more about all the historical places across the state. We have also made a few other changes, based on feedback, to make the program even better for the organizations and the visitors:

- NSHSF is building an app! Visitors will be able to download the app and find the location of the sites as well as information on each organization. We feel this will be easier for visitors and may entice younger generations.
- WanderNebraska will have its own website this year and a .pdf of the booklet that can be downloaded for those who do not want to use the app. The website will allow us to have more information on each site and make it easier for visitors to learn local history and its impact on Nebraska.

Any historically-focused, nonprofit organization is welcome to become a WanderNebraska site for FREE. After contacting [Sue Quambusch](#) with your statement of interest, you'll receive a follow-up email within a week asking for further details on your organization. You do NOT need to be previously involved with NSHSF to be a participant of the program. Over 40 organizations signed up for this program within 8 hours... yours could be the next!
