A New Collaboration with Nebraska Museums Association!

We are excited to announce a new collaborative effort between the Nebraska State Historical Society Foundation (NSHSF) and the Nebraska Museums Association (NMA) to offer the 80 2023 Statewide Grant Applicants a FREE NMA membership. An NMA membership has many benefits for these local museums such as joint marketing, sharing of resources, and education.

The NSHSF is dedicated to finding new and important ways to support local organizations - museums, historical societies, and libraries who are working diligently to preserve their local and shared histories, and membership in NMA is one of those ways. NSHSF will pay the museum's membership for 2024 or, if the museum is already a member, extend their membership for 1 year.

"These are exciting times," said Audrey Kauders, NMA Board Member. "By working together, we can serve as resources for Nebraska museums and help them preserve the history of our state."

The Pershing Mural Project

Nebraska's unofficial Ambassador to the World, Allen Beermann, truly understands the beauty and significance of the Pershing Mural and how critical it is to erect it for all Nebraskans to visit and admire. Watch the short video below from Allen and [click here](#) to read the most recent article in the Lincoln Journal Star.

SGP Check Presentation at the Lexington Library

The mission statement of the [Lexington Public Library](#) is to be "a place to belong, connect, explore, learn, and grow." They offer many services to their community from building digital skills, to learning a new language, and programming for every age group.

Their application to the Statewide Grant Program was to help preserve microfilm in a digital form. Having this in a digital form improves ease of access and operational efficiency, eliminates storage needs, and protects historical information. All good reasons for the project and NSHSF was happy to help.
